

Make it easy for everyone to participate with the SMART Board® 2000 series

Wireless screen-sharing on the SMART Board 2000 non-touch display makes it easy for students to show their peers what they're working on, and teachers to show lessons – from any device – all in 4K Ultra HD.

75" display

1-YEAR
SMART Learning Suite
software subscription included

KEY FEATURES

Wireless screen-sharing

Students and teachers can quickly and easily show whatever is on their Android™, iOS® and Microsoft® devices, and laptops on the display.

SMART Learning Suite included

All SMART Board displays come with a 1-year subscription to SMART Learning Suite's interactive lessons, game-based activities, formative assessments, collaborative workspaces and more.

4K Ultra HD resolution

SMART Notebook® lessons. Videos. Websites. Brilliant 4K resolution ensures whatever you show on your 2000 series looks its best.

KEY BENEFITS

More student engagement

Students who are engaged learn more. The 2000 series gives every student a chance to contribute, which builds motivation and confidence.

Foster collaboration

When teachers and students can show content from their devices, they create shared experiences that develop collaboration and cooperation skills.

Great value

Sometimes you don't need an interactive display for your lessons. With the 2000 series, you get wireless screen-sharing and 4K resolution on a 75" display at a great price.
