

SMART Board® 6000 series

Our most popular interactive display with iQ embedded computing and collaboration features for walk up and use simplicity.

65" | 75"

Walk in and it turns on

A proximity sensor automatically powers up the SMART Board 6000 when you walk in the room saving time and energy costs.

Pick up a pen and start writing

The intelligent pen tray automatically selects the black or red pen tool, so you don't have to choose it from a menu before writing.

As easy as writing on paper

SMART invented DVIT® (Digital Vision Touch) technology to ensure a smooth writing experience that looks and feels natural.

Unparalleled Collaborative Experience

With 30 years of experience in education technology, SMART interactive displays are designed to support teaching approaches that affect learning outcomes.

Multiple students, tools and colors at the same time

Simultaneous Tool Differentiation frees multiple students to write, erase and move notes at the same time. **Pen ID™** recognition and **Object awareness™** detection automatically make pens write in different colors, fingers move and palms erase.

Write and save notes directly into applications

SMART Ink® software lets teachers write over videos and into **PDFs, Microsoft Office® files** and websites, then save notes in almost any file type. Automatically convert notes to text and access tools, such as spotlight, magnifier and screen shade.

Built to use. Built to last.

Durable and commercial-grade, SMART Board displays have received many safety, regulatory and environmental certifications, giving you peace of mind that they adhere to government or other regulatory requirements.

-  **4K** 4K Ultra HD resolution
-  ENERGY STAR® certification
-  Accelerated Life Testing
-  Conflict-free materials and sourcing
-  LED rated for 50,000 hours
-  Regulatory and environmental certifications*
-  Fully heat-tempered, anti-glare glass
-  3-year standard warranty** (1-year on pens)
-  Silktouch™ frictionless surface

**1- or 2-year extended options available. 5-year standard in UK.

*See specification chart for detailed certifications.

SMART Remote Management lets you efficiently maintain, secure and support all your devices – including SMART Board displays with iQ.
